Sports Science A level Sport, Exercise and Health Science HL	Grade 6 in Physical Education GCSE desired but not essential Grade 6 in Biology GCSE
Sport and Exercise Science BTEC	Grade 6 in Physical Education GCSE desired but not essential

* We may accept students onto the A Level course with a GCSE Maths grade 7 in discussion with the Head of Maths, the Head of Upper School and the Director of Studies. Candidates should be aware that the A Level Maths course represents a significant step up from GCSE and so a thorough grasp of the GCSE material will be necessary to start the course well. We strongly advise candidates wishing to take A Level Maths to revise the GCSE material over the summer in preparation for Form 6 study.
